

**If I could travel in space,**

**Then I would find,**

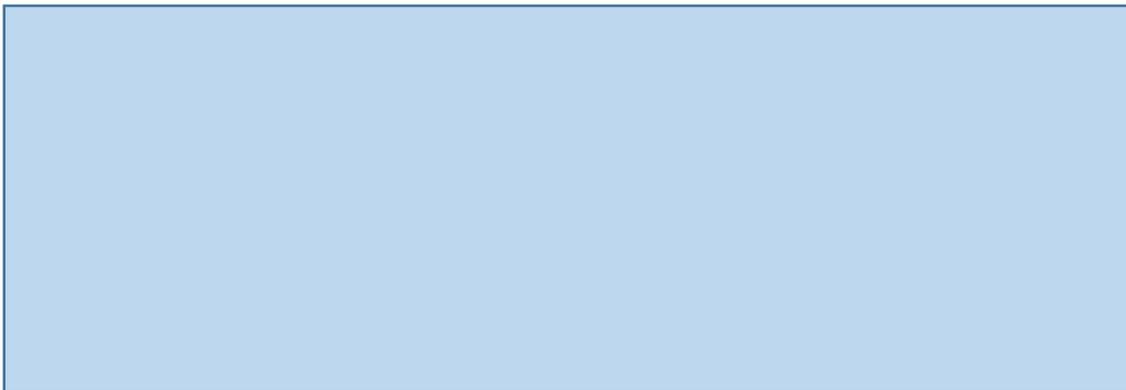

**When I come home to earth,**

**I would learn to  
moon walk.**

**I would skate on  
Saturn's rings.**

**I would drink from  
the Big Dipper**

**Freezing ice on  
Pluto.**

**A vapor cloud I could  
swim in.**

**A way to put the  
fire out on Jupiter.**

**I would bring back a  
lightning bolt from Mars.**

**I would pack my  
bags and go again.**

**I would hang up Planet Fancy,  
that's made of diamonds,  
from the ceiling.**
